Re: Cellco Partnership d/b/a Verizon Wireless Supplement to Response to Information and Discovery Request

Application of Cellco Partnership d/b/a Verizon Wireless and SpectrumCo, LLC For Consent To Assign Licenses and Application of Cellco Partnership d/b/a Verizon Wireless and Cox TMI Wireless, LLC For Consent To Assign Licenses, WT Docket No. 12-4

Dear Ms. Dortch:

On March 22, 2012, Cellco Partnership d/b/a Verizon Wireless filed its response to the FCC Information and Discovery Request of March 8, 2012 in the above-referenced docket.¹ That response has been updated and supplemented in subsequent filings. As described in the March 22 response, the materials provided with that submission were compiled by conducting document searches using search terms and custodian lists reviewed with and approved by the Commission's staff, subject to its ability to request additional materials. Based on subsequent discussions with staff, Verizon Wireless has conducted supplemental searches using modified search terms and/or additional custodians. By this filing, Verizon Wireless provides additional materials as described below:

- As requested by FCC staff, we are providing additional documents based upon a search of additional custodians discussed with the staff, as well as supplemental documents for existing custodians that were produced to the Department of Justice after Verizon Wireless' original March 22, 2012 response. The updated materials address requests referred to in questions 9b-d, 10a-b, 12, 21, 30, 35a-b, and 36 in the FCC's Information and Discovery Request, and have been placed on a disk titled "VZW-004." Exhibit A hereto provides the names and titles of the additional custodians whose documents are being provided. The search terms used to identify these documents are the same in material respects as disclosed in the March 22, 2012 filing, except that in the search

¹ Information and Discovery Request for Verizon Wireless (attachment to Letter from Rick Kaplan, Chief, Wireless Telecommunications Bureau, FCC, to Michael Samsock, Cellco Partnership, dba Verizon Wireless, WT Docket No. 12-4 (dated March 8, 2012)). The FCC updated and modified Request 3 on March 13, 2012.

Supplemental Response to Information and Discovery Request
April 19, 2012
Exhibit A

used for Question 21, the “and” clause designated as “(spectrumco /5 agreement cox /5 agreement)” has been modified to include the term “turnpike” and now reads “((spectrumco /5 agreement cox /5 agreement) turnpike)”.

- As discussed with staff, given the subject matter of the requests to which these documents are responsive, and in order to expedite this production, all documents have been designated “Highly Confidential” under the *Second Protective Order* in this docket.² We are undertaking a review of the documents, however, to determine whether this designation should be changed for any of these documents, and upon completion of that review will provide a database overlay to modify the designation as appropriate.
- A file titled “Priv_Log_20120419_HIGHLY_CONFIDENTIAL.xls” included on the disk containing the supplemental production that provides privilege log data for items flagged by the search terms for the new custodians.³

Should any questions arise concerning this filing or the electronic media provided in connection with this filing, please contact the undersigned.

Sincerely,

John T. Scott, III
